Sewing

Sew using a 1/4" seam allowance, with right sides together (RST) unless otherwise indicated. Press as shown by arrows.

Pillow Top

1. The pillow front is mitered. Attach all four borders to the pillow front, repeating the following steps for each side. (Fig. 1)
   - Mark the center of the 6 1/2" x 28 1/2" red and black border stripe rectangle.
   - Mark the center of the 6 1/2" red large rose floral square.
   - Match center marks and pin the border in place by starting in the center.
   - Sew the border to the pillowtop center by beginning and ending 1/4" from the edge of the 6 1/2" red large rose floral square. Backstitch at the beginning and ending of stitching to secure stitching.
   - If your measurements have been accurate your stitched seam should measure 6". If your measurement varies slightly, that is ok, but the same measurement needs to be used for every side to ensure your pillow front is square.

2. All four borders are now attached and the tails of each border are hanging free.

3. With wrong sides together, place one border on top of an adjacent border by folding one corner of the pillow front diagonally with right sides together. This can be achieved by folding the entire pillow front into a large triangle. Match up outside raw edges of the border and pin in place. (Fig. 2)

4. Using a ruler with a 45 degree angle marking, draw a line from the end of stitches to the outside edge of border as shown. (Fig. 3)
5. Pin well and stitch along the marked line beginning at the arrow. Backstitch at the beginning and end of stitching to secure stitching. Repeat for all four corners. (Fig. 4)
6. Trim ¼” away from seam and press open.
7. Press the pillow front, batting and muslin well. Layer muslin (wrong side up), batting and pillow front (right side up) and baste. Quilt as desired and trim excess batting and backing when quilting is complete. Pillow top should measure 18 ½” x 18 ½”. (Fig. 5)

**Pillow Back**
1. Fold one 13” x 18 ½” rectangle down ½” on the 18 ½” edge (toward wrong side of fabric) and press in place. Fold the seam down another ½” and press in place. Make two. (Fig. 6)
2. Use thread to match fabric for this step. Top stitch one row of stitching ¼” from the fold. Make two. (Fig. 7)

**Pillow Assembly**
1. Place the pillow back rectangles wrong side up and overlap them 5 ½”. Place finished seams in the center. (Fig. 8)
2. Mark center of Pillow Top and Pillow Backs. Place Pillow Top face up on top of wrong side of Pillow Backs, matching centers. Baste around outside edges ⅛” from the edge to hold Pillow Top and Pillow Backs together. (Fig. 9)
3. Cut the ends of three binding strips at a 45-degree angle and sew end to end to make a continuous piece of binding. Fold in half lengthwise and press wrong sides together. Sew the binding to the front of the pillow, raw edges together. Turn the folded edge to the back, and hand stitch in place. (Fig. 10)
4. Insert Pillow Form.
