INTRODUCTION:
Read through all of the instructions before beginning your quilt. Basic knowledge of machine piecing, and quilting suggested. Happy sewing!

INSTRUCTIONS:
1/4” seam allowance

1. Following the diagram below organize your vertical rows for assembly by gathering the pieces needed for each row.

2. Sew each vertical row, and press each row’s horizontal seams either all up towards the top of the quilt, or all down towards the bottom of the quilt alternating directions and starting with the first row (see arrows as pressing guide).
3. Sew the vertical rows of the quilt together, starting with rows thirteen and twelve. Press the vertical seam open. Continue sewing the rows together until you have completed the quilt top and have pressed all the vertical seams open.

4. Bind and quilt as desired.
