HOW TO:

Cut

Center panel, fabric 2007-1 cut down to eight motifs high by seven motifs wide plus 1/4” seam allowance beyond the edges of the printed blocks.
Measure the center panel width____ and height____.

Border one, solid mustard fabric, cut two strips the width of the center panel x 1 3/4” and cut two strips the height of the center panel plus 3” x 1 3/4”. *Depending on the measurements you may have to piece the strips from multiple cut lengths.
Measure the center panel width____ and height____ with the border one attached.

Border two, 2010-1, cut two strips the width of the center panel with border attached x 3 1/2” and cut two strips the height of the center panel plus 6 1/2” x 3 1/2”. *Depending on the measurements you may have to piece the strips from multiple cut lengths.

* The 47 1/2” x 57” finished quilt size may vary depending on your center panel cut size.
Note: All seam allowances are 1/4" unless otherwise indicated.

1. Sew the top and bottom border 1 strips to the upper and lower edges of the center panel. Press seams open.

2. Sew the side border 1 strips to the right and left sides of the center panel. Press seams open. Measure top and then cut border two strips (see how to on page two).

3. Sew the top and bottom border 2 strips to the upper and lower edges of the center panel. Press seams open.

4. Sew the side border 2 strips to the right and left sides of the center panel. Press seams open.

5. Piece the backing fabric together in any fashion with the leftover fabrics from center panel and borders to make a backing that is a total of 12” larger than the quilt top in the width and height.

6. Layer the backing, batting and quilt top together and baste to prepare for quilting.

7. Quilt as desired by hand or machine.
