Additional Requirements

- Coats Dual Duty® All-purpose thread to match fabrics
- Coats® Metallic Gold thread
- 1 yard (.91m) single-sided fusible foam stabilizer
- (2) 3” (7.62cm) tassels
- Metallic or Embroidery needle, size 14
- Tote pattern
- Sewing machine
- Basic sewing and pressing supplies

Seam Topstitching
Preparation
Tape together the pieces for the tote pattern and cut out.

Cutting
WOF=Width of Fabric
Cut pieces in order shown.

Fabric A, fussy-cut:
(2) 6” x 19½” (15.24cm x 49.53cm), for straps

Fabric B, cut:
(2) 7½” x 10” (19.05cm x 5.40cm), for straps

Fabric C, cut:
(2) Tote Body pieces, for lining
(2) 6” (15.24cm) squares, for straps
(2) 6½” (16.51cm) squares, for inside pocket
Note: Pocket finishes 6” [15.24cm] square. Resize if desired for your particular needs.

Fabric D, cut:
(1) 6” x 7” (15.24cm x 17.78cm), for handle wrap

Fabrics E-K, and the remainder of Fabrics A-D, cut:
Assorted strips 14” (35.56cm) long and 1”-2” (2.54cm-5.08cm) wide
Note: You will need enough strips for two finished rectangles 14” x 19½” [35.56cm x 49.53cm].

Fusible Foam, cut:
(2) Tote Body pieces

Sewing
Note: All seam allowances are ¼” (.64cm) and pieces are sewn right sides together, unless otherwise noted.

1. Randomly sew together the long edges of the 14” (35.56cm) Fabric A-K narrow strips to make (2) rectangles at least 19½” (49.53cm) wide. Press seams open.
2. Layer the pieced rectangle over the foam tote body, adhesive side up, matching lower edges. Following the manufacturer’s instructions, fuse the rectangle in place (Fig. 1). Repeat for the other tote body piece. Trim edges to match the foam.

3. Topstitch some or all of the strip seams using metallic thread and either a decorative or straight stitch.
4. Place the long edges of the Fabric A strip right sides together along the upper edge of the pieced strips. Sew along the length of the rectangle (Fig. 2). Flip the piece up and fuse in place. Trim to match the foam tote edges.
5. Following step 4, repeat to center, sew, flip, and fuse the 7½” x 10” (19.05cm x 25.40cm) Fabric B rectangle above the Fabric A panel, and the 6” (15.24cm) Fabric C square above Fabric B (Fig. 3) to complete the tote half. Repeat for the opposite tote side.

6. Topstitch the horizontal sectional seams using metallic thread and either a decorative stitch or straight stitching.

7. Lay the halves of the tote right sides together and sew one center seam. Press the seam open. Topstitch the seam using metallic thread and either a decorative or straight stitch.

8. Sew the remaining tote center seam, press, and topstitch in the same manner.

9. Lay the center seams on top of each other and sew the tote bottom seam, inserting the tassel header snugly into each corner (Fig. 4). Stitch over the tassel areas twice to reinforce.

10. Place the (2) 6½” (16.51cm) Fabric C squares right sides together and sew around the edges, leaving a 2” (5.08cm) opening in the lower edge for turning. Trim the corners, press the seams open and turn the pocket right side out through the opening. Poke out the corners.

11. Sew one center seam in the Fabric C tote lining. Center the pocket over the seam 1¼” (4.45cm) below the upper edge. Edgestitch around three sides of the pocket, leaving the upper edge open, and closing the lower edge opening.

12. Sew the other center lining seam and press the seam open.

13. Lay both center seams on top of each other and sew the bottom seam, leaving a 6” (15.24cm) opening for turning.

**Finishing**

14. With right sides together, slide the lining over the tote, matching all raw edges.

15. Sew the tote and lining together along the curved edges, leaving the short straight handle ends unstitched. Trim the seam allowances and clip the curves. Turn the tote right sides out and firmly press the edges, tucking the lining into the bag.

16. Topstitch the strap edges ⅝” (.64cm) from the edge and pivoting at the lower V opening above the center seam.

17. With lining sides together, stitch the straight handle edges together through all layers, being careful not to twist them. Pleat the handle upper center to make a finished width of 2” (5.08cm). Sew the pleat in place.

18. Stitch the lining opening closed.

19. To make the handle wrap, fold the 6” x 7” (15.24cm x 17.78cm) Fabric D rectangle in half and sew the short edges together. Turn and press.

20. Wrap the rectangle tightly around the center of the handle, turn under the outer end and hand-stitch in place.
Wayfarer Tote-Bright

Align and tape pattern segments together along marked lines.
