PATTERN INSTRUCTIONS:

PLEASE read ALL instructions thoroughly before beginning this quilt. This quilt features a pieced background with additional applique elements added at the end.

NOTE: The nature of this quilt is improvisational and it is built in horizontal strips, which are staggered from left to right up and down the quilt. You can angle these horizontal strips as you please or stay with the more uniform nature as shown in the Assembly Diagram. The width of your sections is standardized so that the quilt will finish to 59-1/2" x 85". Don't be afraid to be both creative and to improvise as you go along. Your quilt may not finish to the size stated here.

The Assembly Diagrams on pages 7 and 9 list the FINISHED patch sizes. Some strips are pieced to get the required width (as in the yellow background prints). The cutting of these patches is as follows.

CUTTING INSTRUCTIONS CONT:

One strip 2" x 18"
One strip 10-1/2" x 42"

From Fabric P
One strip 6" x 22" (for the 3-D bed skirt)

Sewing Instructions:

1. Sew the quilt center row by row horizontally. Press seams as you go. If you desire a more "organic" irregular look to the rows, trim strip rows as you add them along their long sides.

2. Section 8 has the addition of a bed "skirt" which is three dimensional. Cut a strip of Fabric P the same size as the Fabric B piece (6" x 22"). Draw scallops as shown in quilt photo and in the diagram. Bind the curved edges using the binding fabric (39657-7 Orange). Attach to the Fabric B piece, taking care that it is shorter (top to bottom) than Fabric B. Then join this to the two side strips.

3. Once the center "bed" strip rows have been sewn, the option of slicing off a large section along the right side of the quilt is available. Again, this is improvisational. We suggest you begin at the top right and measure in about 4-5"; mark with pin or marker. Now measure down the right side about 40". Cut from the top mark down to the bottom mark (a very long, thin triangle. Replace with the same size triangle cut from the Fabric A (the light yellow). Or you can leave the quilt center as you have sewn it.

4. Using the color photo as your guide and the appliqué patches included, measure fabric pieces for each template. If you are using hand appliqué, make sure you add seam turn under seam allowances. You do not have to stay with our color choices. All appliqué was done as raw edge using fusible webbing. The ladder is composed of two separate pieces in two different fabrics (see note in the Fabric listing above).

4a. Page 10 includes details of embroidery for the dress and face that you will want to add before fusing the applique of the face and dress to the quilt. Also, here feel free to design your own face!

5. Your quilt may finish to a size different than stated here. Improvisational quilts are like that! Measure the quilt for the batting and backing needed and cut these two at least 4" wider on all sides than the quilt center. Quilt as desired.

6. Cut 8 strips 2-1/4" x wof of the 39657-7 Orange fabric to use for quilt binding.

Section 2 - Finished Sizes

The 3 strips used for Section 2 are cut LONGER than needed - as indicated in the directions - and then cut at an angle on the sides as shown. Sew together to create the angle; trim the two short sides (on the A and B fabrics) to get the 60" row width (finishes to 59-1/2")

Section 3 - Finished Sizes

There are 4 rows in Section 3. In the second row there are two small pieces of green that finish 3/4" wide and 1-1/2" wide. The one on the left starts about 6" in from the left seam. The distance between the two is about 1-1/2". Of course, you can place them anywhere you wish. These can be pieced or simply appliqued onto the strip (39661-6 Yellow) before it is joined to the others.

Assembly Diagram Sections 6-8

Section 6 - Finished Sizes

Section 6 can be sewn with or without wobbly seams. If you prefer the various angled appearance, seam the horizontal strips together and then trim a little here and there along the LENGTH. Stitch to next row and trim again as desired. You can always add another strip should you trim too much.

Section 7 - Finished Sizes

Section 7 can be sewn with or without wobbly seams. See the note for Section 7 above.

Section 8 - Finished Sizes

Section 8 has the addition of a bed "skirt" which is three dimensional. Cut a strip of Fabric P the same size as the Fabric B piece (6" x 21-1/2". Draw scallops as shown in quilt photo and in this diagram. Bind the curved edges using the binding fabric (39657-7 Orange). Attach to the Fabric B piece, taking care that it is shorter than Fabric B. Then join this to the two side strips.
