Rebecca’s Lone Star

Designed by Mary Koval
Featuring the Rebecca Collection by Mary Koval
Size: 48” x 48”

Fabric Requirements:
35344-3 brown = 3/4 yard
35349-2 tan = 1/3 yard
35346-4 red = 3/4 yard
35346-2 Tan = 3/4 yard
35348-3 brown = 1/4 yard
35347-5 rose = 1/4 yard
35343-X multi = 2 1/2 yards
35347-4 red 2 = 1 3/4 yards
(includes binding)

Cutting Instructions: cut WOF (Width of Fabric)
1. 35347-5 rose cut (1) 2 1/2” strip
2. 35348-3 brown cut (2) 2 1/2” strip
3. 35346-2 tan cut (3) 2 1/2” strips
4. 35347-4 red cut (7) 2 1/2” strips & (5) 2 1/2” strips
   (set aside for binding)
5. 35344-3 brown cut (6) 2 1/2” strips
6. 35349-2 tan cut (4) 2 1/2” strips
7. 35346-4 red cut (2) 2 1/2” strips

Layout the strips in sets as shown in Diagram A
Assembly:

1. Sew these sets together WOF using a 1/4" seam allowance.

2. Using the 45 degree angle on your ruler cut (8) 2 1/2" segments from each set. Each set should yield 8 sets. See diagram B for ruler placement.
   *Be very accurate when cutting the first piece to ensure that you get 8 segments from each piece. You may want to mark the segments with chalk prior to cutting.

3. To make the large diamond sew 1 strip from each set together making sure your seams match up. Start with set 1 and end with set 5, from diagram A. Make 8 diamonds. Each set must be sewn in the same order.
   *Helpful Hint – if you press 4 diamond in one direction and the other four in the opposite direction the seams will interlock when assembling the star.
   See Diagram C

4. Layout you diamond in a circle forming the star. Sew the diamonds together leaving the seam open 1/4" from the end. (This is done to enable the inserting of the half square triangle and corner.) See Diagram D

---

WINDHAM FABRICS
5. Cutting half square triangles

While laying the star on a flat surface, measure from point to point on the star as shown in Diagram E (A). Write down this number. Add $\frac{1}{2}''$ to this measurement. Cut a Square in the size of the result of the measurement. Now cut the square diagonally making (4) half square triangles.

*Note the picture shows that these pieces have been fussy cut. If you choose to do this you may not have enough fabric to add an optional border at the end.

Sewing Half Square Triangles

Starting from the center of the V and sew out to the tip of the star. Follow the same process on the other side. Complete this process for (4) four half square triangles. Press towards the diamond.

6. Cutting the Corner Pieces

Once again while laying the quilt on a flat surface measure the sides of the diamonds as shown in Diagram E (B). These may be slightly different. Take the average of the 8 measurements and use this number for the size of the square for each corner. Cut (4) squares.

*Note again this is shown as a fussy cut piece in the picture. You may not have enough fabric for additional borders if you fussy cut.

Sewing Corners

Start sewing from the center of the diamond out to the tip of the diamond. Repeat on the other side and all four corners. Press towards the diamond.
6. Binding
Sew the five 2 ½” strip of 35347-4 red that you set aside together end to end. Press in half wrong sides together. Sew to the front of the quilt by machine. Turn fabric to the back of the quilt and sew down by hand. Contact your local quilt shop for instructions on sewing on binding if you are not familiar with this step.

Optional Borders

*Note depending on how accurate you cut everything and if you fussy cut, these borders may not be possible. Measure all remaining fabric before beginning. At this point you may have enough fabric to add two border to enlarge the quilt to 60” X 60”.

Inner Border
From 35347-4 cut (6)2 ½” strips W.O.F. (42”) subcut (2) strip in half, making (4) 2 ½” x 20” pieces
Sew (1) 2 ½” x 40” piece to (1)2 ½” x 20” piece together Repeat 4 times.
Measure your quilt length on the left side, the right side and down the middle. Take the average of these numbers. This is the length that you will cut 2 of your strips for side borders. Sew one strip on each side of your quilt.
Now measure the width of your quilt (with the border on) across the top, across the bottom and in the center. Take the average of these numbers. This is the length you will cut your remaining two strips.
Sew one strip on the top and one strip on the bottom.

Outer Border
From 35343-X cut (6) 5 ½” Strips W.O.F.
Subcut (2) strips in half, making (4) 5 ½” x 20” pieces.
Repeat the steps in Inner Border directions.
