Find the Center Line
Fabric D

4 -- D @ 2-1/2” x WOF

Finished size (including binding): 50-3/4” w x 19-3/4” h

Quilt Assembly Tips

Start with the center section of the Runner.
Fussy Cut Fabric A pieces. Stitch Flower Pots together as shown in diagram.
Fabric B: Cut the B1 strips & sew to the top & bottom of the Flower Pots, & trim ends.
Use the Fabric C diagram to Rough Cut the Scallop strips & corner pieces.
Fussy Cut the C2-b strips.
Cut the B2 strips to fit.

*Note: If quarter inch seams are sewn perfectly, your B2 strip will be 1-3/4” wide x WOF.

If not, adjust the width of your B2 strips. Remember to include 1/2” for your seam allowances.
The intent is to make the overall width of the Center Flower Pot Unit match the length of the C2-b Scallop Borders.
Sew the B2 strips to the left & right sides of the Flower Pot unit & trim short ends.

Sew the C2-b Scallop strips to the top & bottom of center unit & set aside.
Follow the diagram on page 3a & pin the C1 Corner pieces to each end of the two C2-a Scallop strips.
Match at the scallops & sew together.
Pin the left & right Corner/Scallop Borders to the center unit, matching seams carefully.
Sew these last two side border units into place.
** Measure & mark 1-3/4” out on all sides from the scallop edges.
Make sure that your lines are true & square (scallop border finish width is 3-1/2”).
Carefully trim away the excess white background fabric at the edge.
Quilt As Desired.
Bind with D Strips.

Enjoy!
